

# ANBERRY REHABILITATION HOSPITAL

Your First Step to Recovery

HOSPITAL

## ALL My Physical Therapists

Your constant reassuring words to me during my PT sessions gave me hope for the ability to return to a "normal" life. You all told me I was going to be able to walk again on two legs and you inspired me to keep pushing myself to reach that goal.

You are a wonderful group of people, highly professional and compassionate. Anberry is very fortunate to have dedicated employees such as yourselves.

On April 3, 2011 I had a stroke and it changed my life. I've had many difficulties in my recovery and will continue with them as I rehabilitate.

Coming to Anberry Outpatient has been a great experience for me.

The atmosphere at the clinic is conducive to healing and rehabilitating. I believe the therapists and staff

at Anberry Outpatient genuinely care about my recovery. I'm currently a health and fitness member

at Anberry's gym, and I WILL make it back to the golf course! - Edward Nakade
